

Lewis & Clark Summer Expedition

This week you head into Iowa. Read from the Lewis & Clark journal entries (<http://www.inhf.org>) they wrote while traveling through Iowa then choose:

- A. Find out who the primary explorers were in your home state. Think about the "Explorer Mindset". What do you think makes a good explorer? What do the explorers in your state have in common with Lewis & Clark? Write about it in your journal.
- B. Do a little exploring of your own. Visit a historic site or living history museum in your region. Imagine what it must have been like for the expedition traveling by river & for *four years*. Write about what you observed and what you think it might have been like to travel that far by foot and boat 200 years ago.
